Home Lift

WARRANTY

5
YEAR

IconLift®

The design homelift

No structural work required

Say goodbye to construction work in your home – just place it on the floor and enjoy your own personal lift, with either manual or automatic landing doors.

5-year warranty

The only one in Italy to offer such an extended warranty as standard.

Peace of mind, with the certainty of having a safe and reliable product in your home, built to last.

No machine room required

You won't need to sacrifice any space for a machine room in your home – the entire system is built into the home lift shaft!

IconLift®

The home lift that becomes interior design

Elegant design, sustainability and comfort are the key features that make **IconLift®** truly one of a kind — smarter and more eco-friendly than ever. It enhances any space it's placed in, becoming a design element capable of optimizing layout and improving life quality.

IconLift®

Maximum safety and reliability

Thanks to the integrated remote monitoring system 'Senti' is always running at peak efficiency. This means no unexpected cost-effective maintenance.

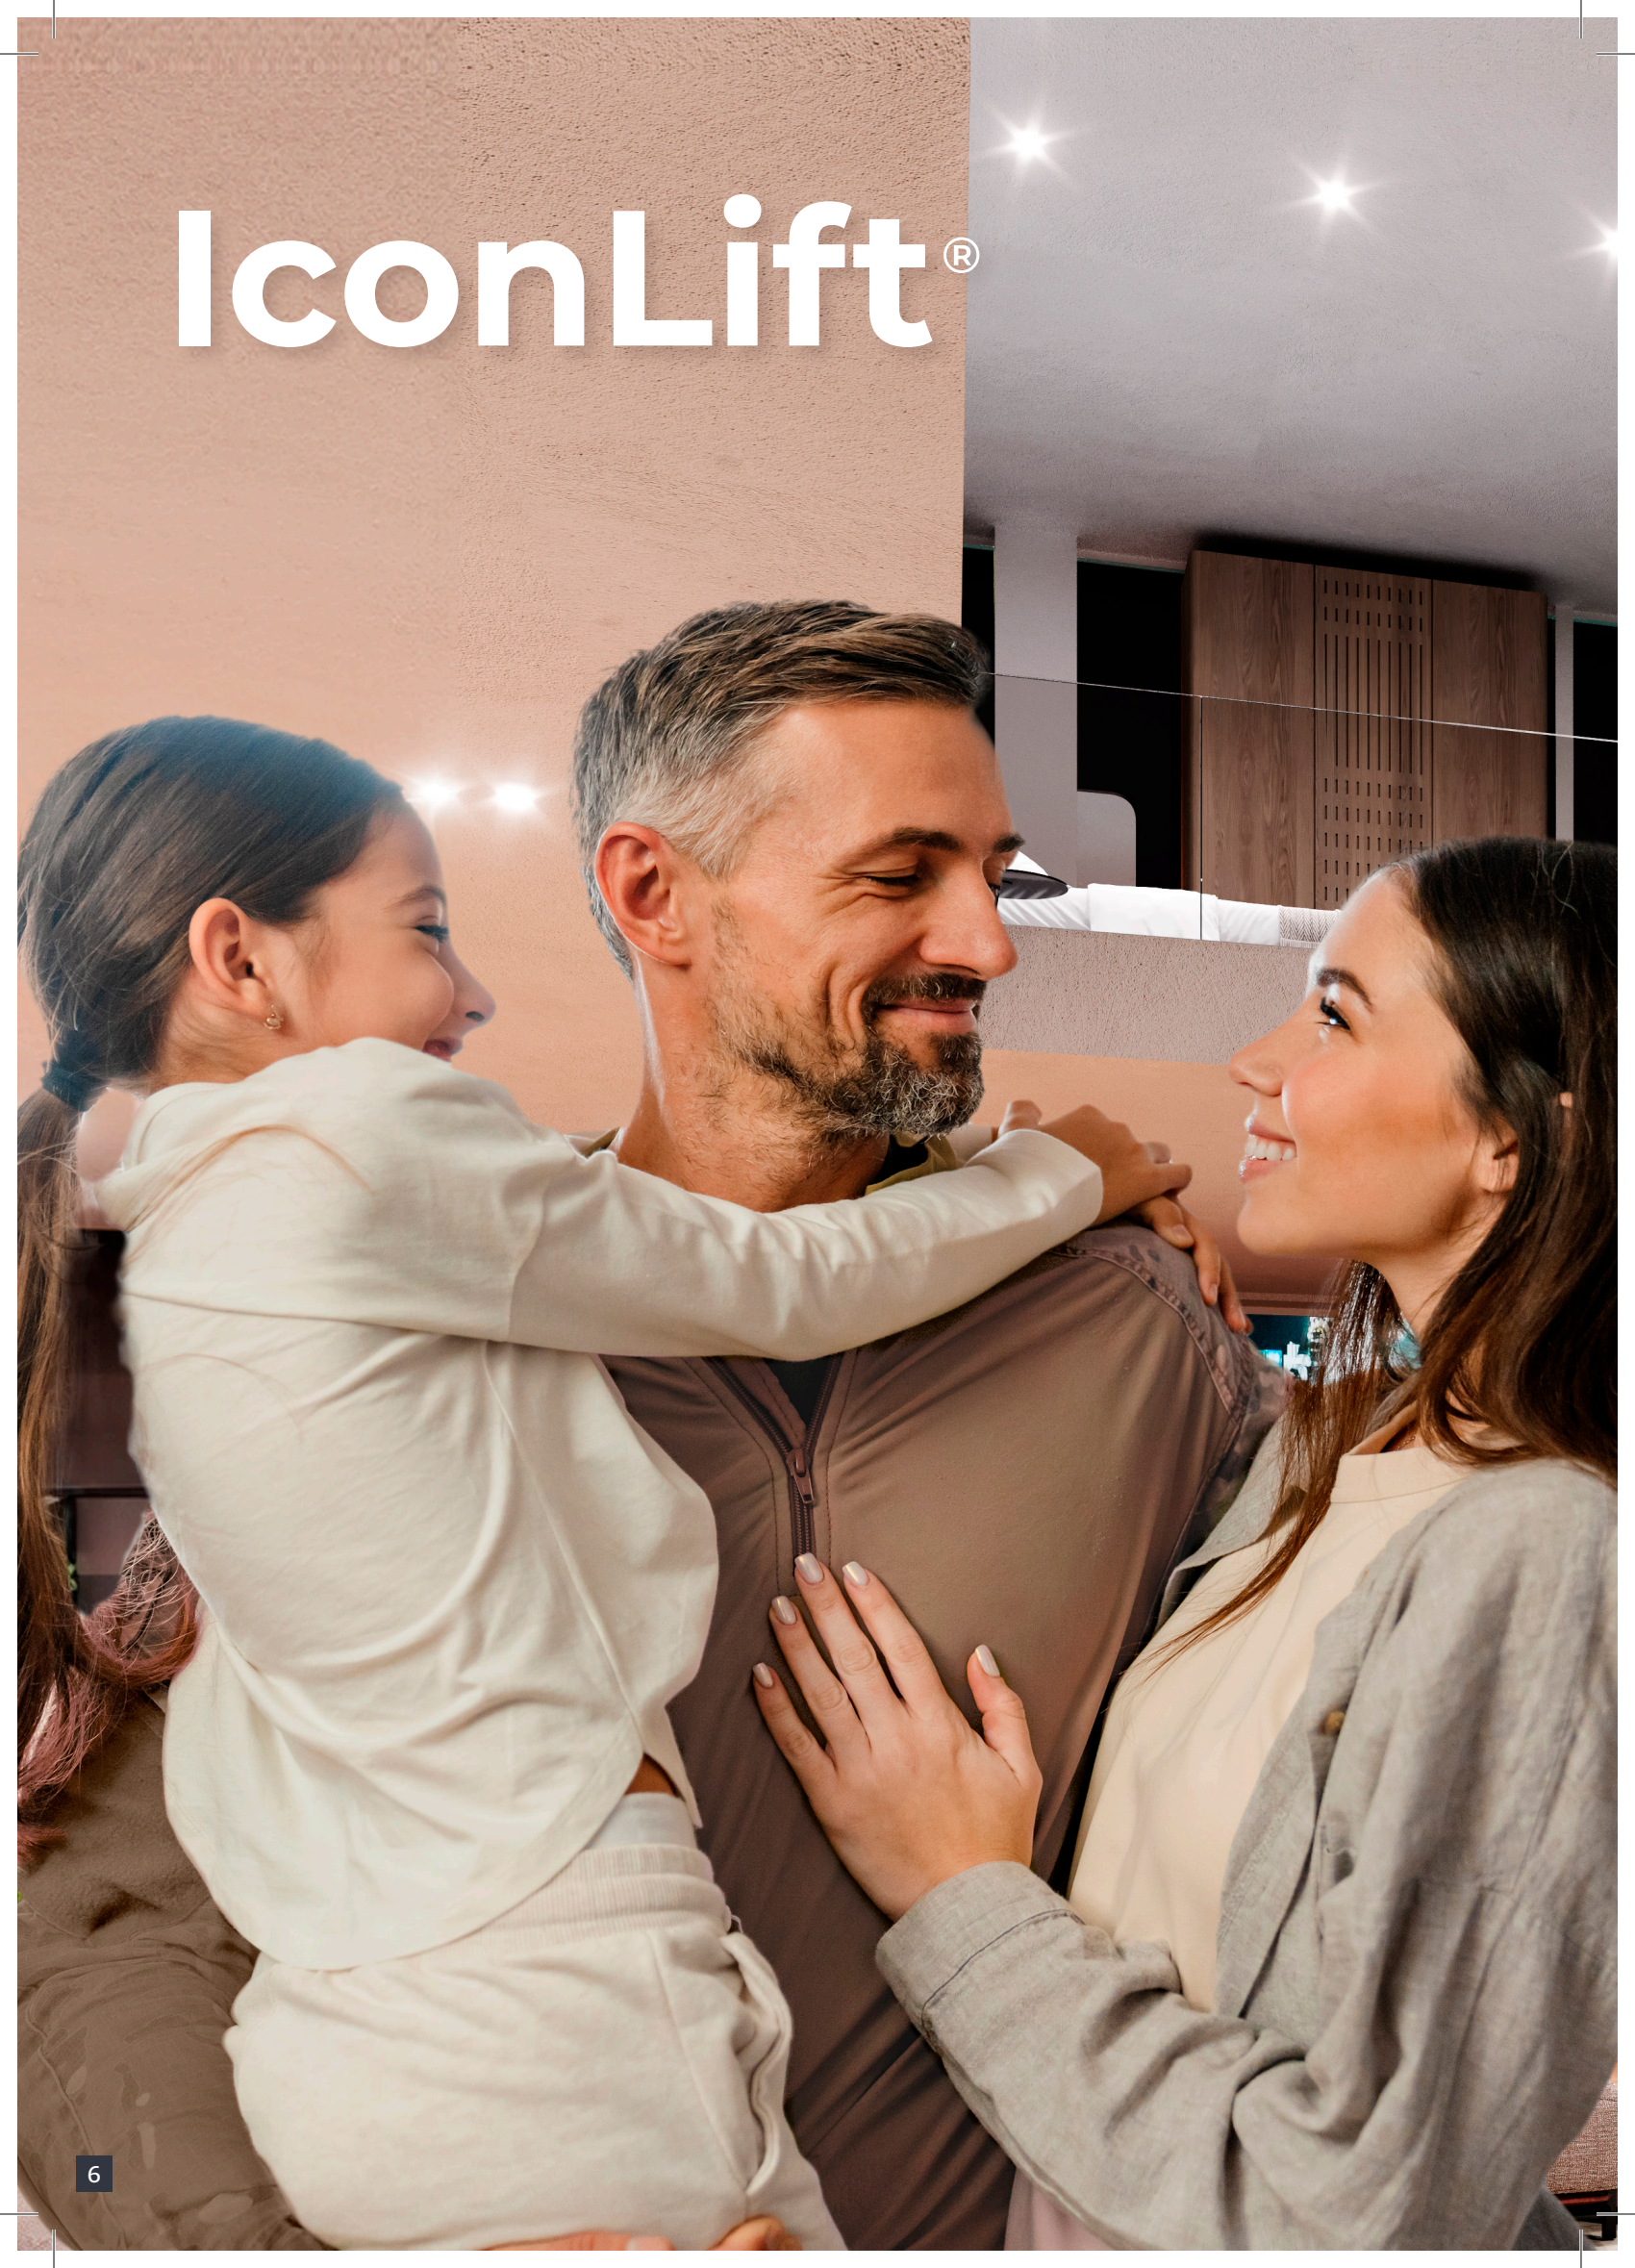

Silent

Thanks to our "Silent Pack" system, using or having **IconLift**® in your home is now even more comfortable – nothing will disturb your peace of mind.

y

ntinel', we can constantly check that your homelift
expected breakdowns and faster, simpler, and more

IconLift®

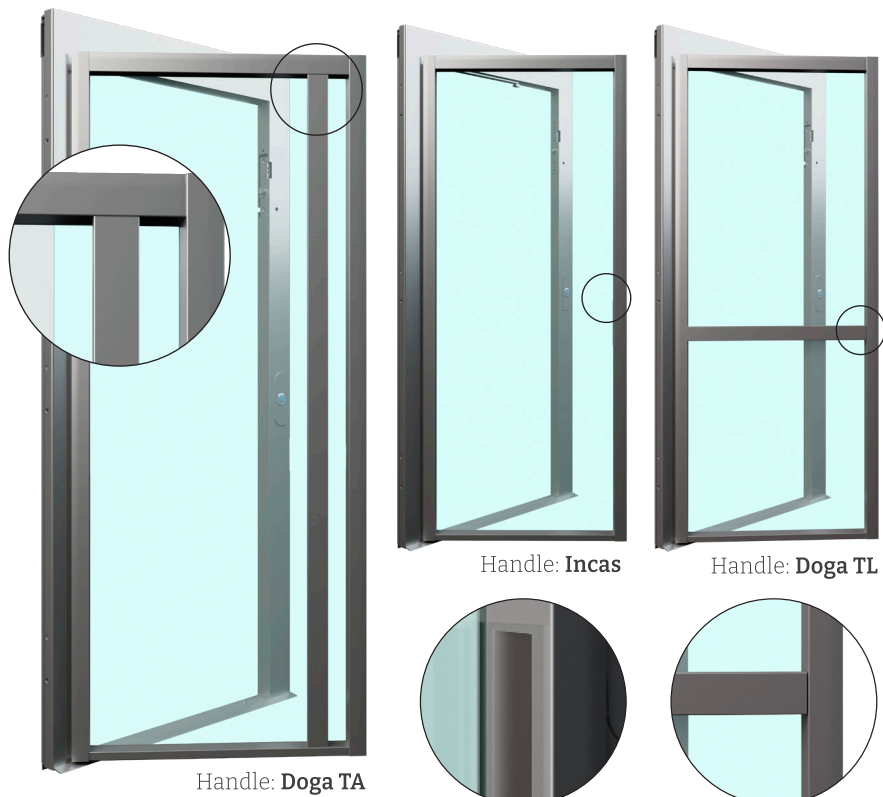

A modern glass elevator with a light-colored frame and glass panels is the central focus. It is situated in a high-rise apartment with large windows overlooking a city skyline at night. A woman with long dark hair is seen from the back, looking out the window. The interior of the elevator is illuminated with warm lights. The overall atmosphere is sophisticated and modern.

In **IconLift**® we've combined Italian craftsmanship elegance and design with exceptional comfort and silent operation.

landing door and accessories
